## NOTICE OF APPROVAL

### ***Local Comprehensive Beach Management Plan City of Isle of Palms***

The South Carolina Department of Health and Environmental Control's Office of Ocean and Coastal Resource Management (DHEC-OCRM) announces its approval of the **Local Comprehensive Beach Management Plan for the City of Isle of Palms**. DHEC-OCRM has determined that the plan satisfactorily addresses the requirements for approval established in the State Beachfront Management Act, S.C. Code Ann. § 48-39-250 *et seq.* and implementing regulations.

Implementation of the State-Approved Local Comprehensive Beach Management Plan for the City of Isle of Palms commences on April 7, 2008.

April 11, 2008

C. Earl Hunter, Commissioner

*Promoting and protecting the health of the public and the environment*

***PUBLIC NOTICE  
SCHEDULING OF PUBLIC HEARING***

The SCDHEC - Office of Ocean and Coastal Resource Management has scheduled a public hearing on an application by **Clam Farm Partnership LLC, P/N# 2008-00094-2IG-P**, for a permit to change the use of existing docks and construct a community marina on Folly Creek, Folly Road, City of Folly Beach, Charleston County, SC.

***This public hearing has been scheduled for Wednesday April 30, 2008, at 6:00 PM at the Folly Beach City Hall, 21 Center Street, Folly Beach, SC***

All interested persons are urged to attend and voice their comments. Oral statements will be heard at the meeting, but for the sake of accuracy, important facts and statements should be submitted in written form to the presiding officer at the meeting or mailed to:

**SCDHEC – Office of Ocean and Coastal Resource Management  
1362 McMillan Ave., Suite 400  
Charleston, South Carolina 29405  
Attn: Bill Eiser**

**April 11, 2008**

**CERT 15-08**  
**April 11 2008**  
**PUBLIC NOTICE**  
**S. C. DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL**  
**OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT**  
**COASTAL ZONE MANAGEMENT CONSISTENCY CERTIFICATION**

In accordance with the S. C. Coastal Zone Management Act of 1977, as amended, Chapter V, S. C. Coastal Zone Management Program Document and the S. C. Administrative Procedures Act, the following projects have been received for determination of consistency with the S. C. Coastal Zone Management Program. Information on the Projects is available for public inspection at the:

*Office of Ocean and Coastal Resource Management*  
*S. C. Department of Health and Environmental Control*  
*1362 McMillan Avenue, Suite 400*  
*Charleston, South Carolina 29405*

Comments must be received within ten days of the date of this public notice by April 21, 2008. The following projects are listed by project name or applicant, location, type of activity, type of permit, and permitting agency (see attached list of abbreviations and keys):

**Berkeley County**

North Rhett/ Tanner Boulevard Intersection, ID# 08-08-04-03, Permit Number SCR10I725, TMS# 259-00-00-132 & 001, 253-00-00-001, located on the intersection of North Rhett and Tanner Boulevard, Hanahan, OCRM (SW)

**Colleton County**

Colleton County New High School, ID# 15-08-03-01, Permit Number SCR10I625, TMS# 132-00-00-032, located off of Jefferson Highway and Flat Shoals Court, Walterboro, OCRM (SW), **NOTE: This project is proposed to impact 6.214 acres of federally non-jurisdictional wetlands. These proposed impacts require approval under the SCCZM program. This plan will fill wetland area 2 = 0.789 acres, wetland area 5 = 0.712 acres, wetland area 6 = 3.131 acres, wetland area 7 = 0.252 acres, and wetland area 8 = 1.330 acres, for a total impact of 6.214 acres. Mitigation will be provided for these proposed impacts by preserving onsite 2.081 acres of federally jurisdictional wetlands (wetland area 3 = 2.081 acres) and preserving 0.834 acres of federally non-jurisdictional wetlands (wetland area 1 = 0.834) for a total of 2.915 acres preserved on site. Additional offsite wetland preservation credits (58.36 credits) will be purchased from the Sweetleaf Swamp, LL mitigation bank.**

**Dorchester County**

Oakridge Landfill Scale House, ID# 18-07-10-04, Permit Number SCR10H498, TMS# 085-00-00-081, located off of Highway 78 near Dorchester Road, just pass 178, OCRM (SW)

### Georgetown County

Oakton Plantation, ID# 22-08-03-02, Permit Number SCR10I644, TMS# 1-488-8.1, 1-488-8.2, located off of South Island Road between Dover Avenue and Killdeer Avenue, OCRM (SW)  
Health Information Associates New Office Building, ID# 22-02-07-04A, Permit Number SCR10I717, TMS# 41-414-5.6, located on the west side of Highway 17, approximately 200' south of intersection with Providence Drive, OCRM (SW)

### Horry County

Westfield Lakes-Phase I, ID# 26-08-03-18, Permit Number SCR10I617, TMS# 124-00-01-047 & 011, WW, SCDHEC# 50493/62741, WS, SCDHEC# 50493/62742, located on Highway 905 near intersection of Padgett Lane, OCRM (SW) (WW)(WS)  
Lakewood Elementary Additions, ID# 26-08-03-21, Permit Number SCR10I641, TMS# 186-00-01-001, WS, SCDHEC# 50573/62786, located at the existing Lakewood Elementary School, OCRM (SW) (WS)  
Brumfield 544 Commercial Center, ID# 26-08-03-25, Permit Number SCR10I705, TMS# 150-00-06-113, located off of SC Highway 544, Conway, OCRM (SW)

### Jasper County

McDonald's Restaurant, ID# 27-01-04-03B, Permit Number SCR10I698, TMS# 067-01-00-006, located on Highway 278 at Mark D. Cummings Road, Bluffton, OCRM (SW)  
Frontage Road Force Main, ID# 27-08-03-02, Permit Number SCR10I576, TMS# 042-00-02-001, located near the intersection of Highway 17 and Highway 278, Hardeeville, OCRM (SW)

## SPECIAL NOTES

**\*DMPs** Dock Master Plans - OCRM is reviewing the listed DMPs for planning purposes only. Permitting decisions will occur when future dock applications are processed by OCRM for individual property owners. This document is used as a planning tool it is not subject to the appeal. OCRM welcomes comments from the public on these planning documents.

**\*\*WMPs** Wetland Master Plans – OCRM is reviewing the listed WMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM, which include impacts to freshwater wetlands. This document is used as a planning tool; it is not subject to appeal. OCRM welcomes comments from the public on these planning documents.

**\*\*\*SWMPs** Stormwater Master Plans – OCRM is reviewing the listed SWMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM. OCRM welcomes comments from the public on these planning documents.

**\*\*\*\*PERs** Preliminary Engineering Reports – OCRM is reviewing the lists PERs for the purpose of commenting to other sections of DHEC concerning this document. OCRM will not be issuing a coastal zone consistency certification at this time but providing comments. If this proposal moves forward to the permitting process, OCRM would at that time do a full coastal zone consistency review.

2. If yes for impacts in B.1, describe each impact and activity, and list all permits (e.g., USACOE Nationwide permit, DHEC General Permit) and certifications that have been applied for or obtained for each impact.

Wetlands 2, 5, 6, 7, and 8 will all be filled for construction of facilities and stormwater detention basin

**C. Impaired Waterbodies** (See instructions.)

List the nearest DHEC water quality monitoring station(s) [WQMS(s)] to which construction stormwater (SW) discharges will drain and the corresponding waterbody(s). CSTL-068 Waterbody(s): Ireland Creek

1. Is this WQMS(s) listed on the most current 303(d) List for Impaired Waters? ☐ Yes ☒ No
- a. If yes for 1, list the impairment(s). \_\_\_\_\_
- b. If yes for 1, will the site's construction SW discharges contain any pollutant(s) causing the impairment(s)? ☐ Yes ☒ No
- c. If yes for b, list the impairment(s) affected by the pollutant(s) referenced in b. \_\_\_\_\_
- d. If yes for b, will use of the proposed BMPs ensure that the site's discharges will not contribute to or cause further water quality standard violations for the impairment(s) listed in c? ☐ Yes ☐ No
2. Has a TMDL(s) been developed for this WQMS(s)? ☐ Yes ☒ No
- a. If yes for 2, list the impairment(s). \_\_\_\_\_
- b. If yes for 2, has the standard been attained for all impairment(s)? ☐ Yes ☐ No
- c. If no for b, will the site's construction SW discharges contain any pollutant(s) causing the impairment(s)? ☐ Yes ☐ No
- d. If yes for c, are your discharges consistent with the assumptions and requirements of the TMDL(s)? ☐ Yes ☐ No

**D. 1. Are S.C. Navigable Waters (SCNW) on the site?** ☐ Yes ☒ No

- a. If yes for 1, list the name of the SCNW: \_\_\_\_\_
- b. If yes for 1, will any construction activities cross over or occur in, under, or through the SCNW? ☐ Yes ☐ No
- c. If yes for b, then describe activities. \_\_\_\_\_
- d. If yes for b, are the activities in SCNW covered under a DHEC General Permit or other DHEC permit? ☐ Yes ☐ No
- e. If no for d, has an SCNW permit been applied for or issued for the site? ☐ Yes, for all activities ☐ Yes, for some activities ☐ No
- f. If yes for d or e, list permit number(s) and corresponding activities. \_\_\_\_\_

**NPDES CGP Fee Schedule B**

(Beaufort, Berkeley, Charleston, Colleton, Dorchester, Georgetown, Horry, and Jasper Counties)

**This schedule should not be used for projects reviewed by a delegated entity or MS4 operator.**

If you are completing the fillable version of this form and if the **County** and **Disturbed Area** fields are correctly filled out on page 1 of this form, the fees in the right-hand column will be automatically entered based on your answers to the questions below. This schedule should be attached to DHEC Form 2617. Do not send payment in window envelope. DO NOT MAIL CASH. DHEC will notify the Project Owner/ Operator if the submitted check or credit card payment cannot be processed. The review clock will start when acceptable payment is received and after the project is deemed consistent with the S.C. Coastal Zone Management Plan.

**1. Is this project located within 1/2 mile of a RWB (item IV.A)?** ☐ Yes ☒ No

If yes, proceed to item 2. If no, proceed to item 3.

**2. a. Will this project or LCP (item III.B) ultimately disturb more than 0.5 acre?** ☒ Yes ☐ No \$\_\_\_\_\_ .00

If yes, enter \$125 in right-hand column and proceed to 2b. If no, see OCRM-SPWS for "Small Project Requirements in Coastal Counties" and proceed to 2c.

**b. If yes for 2a, is this project exempt from S.C. Reg. 72-300 et seq?** ☒ Yes ☐ No

If yes for 2b, review fees are not initially required\*; proceed to item 4.

If yes for 2a and no for 2b, enter review fees of \$100/ **disturbed** acre (from item III.A on page 1) in right-hand column. The review fees cannot exceed \$2000. Proceed to item 4. \$\_\_\_\_\_ .00

**c. If no for 2a, does this project meet the criteria of categories a, d, or e listed in the "SCCZ Requirements" section of the instructions (page 6)?** ☐ Yes ☐ No

If no for 2a and yes for 2c, enter \$125 in the right-hand column. Then, enter review fees of \$100/ disturbed acre (from item III.A on page 1) on this line in the right-hand column and proceed to item 4. \$\_\_\_\_\_ .00

**3. a. Will this project or LCP (item III.B) ultimately disturb 1 or more acres?** ☒ Yes ☐ No \$ 125 .00

If yes, enter \$125 in right-hand column and proceed to 3b. If no, coverage under SCR100000 is not required; see OCRM-SPWS for "Small Project Requirements in Coastal Counties".

**b. If yes for 3a, is this project exempt from S.C. Reg. 72-300 et seq?** ☐ Yes ☒ No

If yes for 3b, review fees are not initially required; proceed to item 4.

If yes for 3a and no for 3b, enter review fees of \$100/ **disturbed** acre (from item III.A on page 1) in right-hand column. The review fees cannot exceed \$2000. Proceed to item 4. \$ 2,000 .00

**4. Total Required Fees**

Add the values in the right-hand column. Maximum required fees are \$2125. DHEC will not review this project until all required fees are received.

**Total Required Fees: \$ 2,125 .00**

\* If DHEC will review the project, then DHEC will notify the Project Owner/ Operator in writing within 20 days of receipt of the complete NOI and request review fees.

**Payment by Check:**

Make sure check is signed and has a current date on it. If check is more than 30 days old, it may be returned. The check must be for the entire amount of required fees.

**STAPLE CHECK HERE**

Make check payable to S.C. DHEC.

**Payment by Credit Card:**

Fill out the information below. Credit card payments must be processed by the applicant online at <http://www.scdhec.gov>. Upon receipt of the NOI, OCRM will provide a memo to the applicant containing directions for processing application fees online and specific invoice numbers necessary for online payment.

## **TO ALL INTERESTED PARTIES**

### **Notification of Public Notice**

Enclosed are public notices issued by the SCDHEC Office of Ocean and Coastal Resource Management. All interested parties are allowed 30 days for major developments and 15 days for minor developments after receipt of the public notices to file written comments to the OCRM pertaining to the applications. Only those comments received within this period must be reviewed by the OCRM in processing the permit application. Any person wishing notification of the initial OCRM decision on any specific public notice must make written request within the designated review period for that public notice.

PERMIT APPLICATION PUBLIC NOTICE**

**April 11, 2008 (Revised)**

**Permit Number:** OCRM-06-361-R  
**Permit ID:** 56406

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** Dean A Feltmann  
190 4th Ave  
Mount Pleasant, SC 29464

**LOCATION:** On and adjacent to Molasses Creek at 190 4th Ave, Mount Pleasant, Charleston County, South Carolina. TMS#: 514-10-00-113.

**WORK:** The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the applicant seeks to build a 4' x 552' walkway leading to a 12' x 12' uncovered pierhead. Ebbside, a ramp will access an 8' x 20 floating dock. Floodside of the pierhead, a 12' x 14', four-pile boatlift is proposed. The work as described is for the applicant's private, recreational use. **\*\*Please note this revised public notice is being published due to changes from the original January 26, 2007 proposal. The old notice is included for informational purposes.\*\***

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

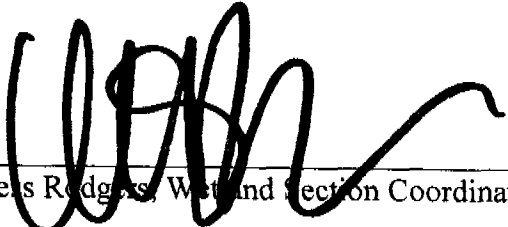

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

***To assure review by OCRM, comments regarding this application must be received by OCRM on or before April 26, 2008. For further information please contact the project manager for this activity, Tess Rodgers at 843-953-0233.***

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT  
PERMIT APPLICATION PUBLIC NOTICE**

**April 11, 2008**

**Permit Number:** OCRM-08-514-S  
**Permit ID:** 62854

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** J E Younce  
c/o Fetter Marine  
3469 Hwy 905  
Conway SC 29526

**LOCATION:** On and adjacent to Murrells Inlet Creek at 880 S Waccamaw Dr, Garden City, Georgetown County, South Carolina.  
TMS#: 41-0112-057-00-00.

**WORK:** The work as proposed and shown on the attached plans consists of constructing a vinyl bulkhead. Specifically the applicant seeks to build a 60' long replacement bulkhead 18" channelward of the existing bulkhead. The preexisting dock and floating dock will be removed and then replaced after the work has been completed. The project is for erosion control.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

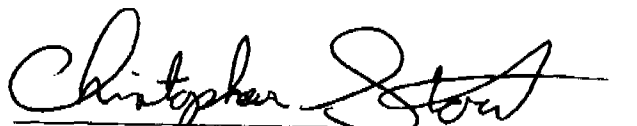

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

*To assure review by OCRM, comments regarding this application must be received by OCRM on or before April 26, 2008. For further information please contact the project manager for this activity, Christopher Stout at 843-238-4528.*

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** Lee Oppenheimer  
C/o Gregs Decks Docks & Seawalls Inc  
PO Box 749  
Bluffton SC 29910

**LOCATION:** On and adjacent to Calibogue Creek at 8 N Calibogue Cay Rd, Hilton Head Island, Beaufort County, South Carolina.  
TMS#: R55001400000460000.

**WORK:** The work as proposed and shown on the attached plans consists of making additions to an existing private dock. Specifically, the applicant proposed to add a hip-style roof over the existing 11'x12' pierhead. Also proposed is the addition of a 13'x13' four pile boatlift to the floodside of the pierhead. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

*To assure review by OCRM, comments regarding this application must be received by OCRM on or before April 26, 2008. For further information please contact the project manager for this activity, Kathleen Lamaker at 843-846-9400.*

APR 02 2008

**DHEC-OCRM  
BEAUFORT OFFICE**

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT  
PERMIT APPLICATION PUBLIC NOTICE**

**April 11, 2008**

**Permit Number:** OCRM-08-852-L  
**Permit ID:** 62897

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** Brett Warthen  
183 Summerton Dr  
Bluffton SC 29910

**LOCATION:** On and adjacent to May River at 91 Gascoigne Bluff Rd, Bluffton, Beaufort County, South Carolina.  
TMS#: R600-046-000-0004-0000.

**WORK:** The work as proposed and shown on the attached plans consists of making additions to an existing private dock. Specifically, the applicant has proposed to add a 13'x13' four pile boatlift to the floodside of the existing floating dock. Also proposed is the addition of a 5'x12' floating jet ski lift between the the existing floating dock and pierhead. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

*To assure review by OCRM, comments regarding this application must be received by OCRM on or before April 26, 2008. For further information please contact the project manager for this activity, Kathleen Lamaker at 843-846-9400.*

**PUBLIC NOTICE  
AMENDMENT REQUEST**

**HMT Development LLC, P/N# 2006-1604-3IT-P**

The U.S. Army Corps of Engineers placed the modification/amendment to the above referenced project on public notice March 28, 2008. OCRM did not place this project on notice at that time because additional information was required by OCRM. This notice is to clarify that OCRM is placing the above referenced amendment on public notice, April 11, 2008 and that the correct suspense date to submit comments to OCRM is **April 26, 2008**.

Please note that the portion of the permit that addresses the alteration of freshwater wetlands will be addressed under a separate OCRM Certification.

Written comments will be received on this amendment request until **April 26, 2008** at the Myrtle Beach office: 927 Shine Avenue, Myrtle Beach, SC. For information please contact the project manager, Tanitra S. Marshall, 843-238-4528.

REGULATORY DIVISION

Refer to: P/N #2006-1604-3IT-MOD

March 28, 2008

Pursuant to Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403), Sections 401 and 404 of the Clean Water Act (33 U.S.C. 1344), and the South Carolina Coastal Zone Management Act (48-39-10 et seq.) an application has been submitted to the Department of the Army and the S.C. Department of Health and Environmental Control by

**HMT DEVELOPMENT, LLC  
c/o BEAM & ASSOCIATES  
P.O. BOX 11863  
COLUMBIA, SOUTH CAROLINA 29211-1863**

for a permit to modify a previously authorized community docking facility and to place fill material in freshwater wetlands adjacent to the

**ATLANTIC INTRACOASTAL WATERWAY**

at a location adjacent to Tidewater Disposal Area, Basin 320 L-B, east of the Atlantic Intracoastal Waterway, on an unnamed dirt roadway, west of Little River Neck Road, in the Little River Township, Horry County, South Carolina (Latitude: 33.85726; Longitude -78.64163).

In order to give all interested parties an opportunity to express their views

**NOTICE**

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

**12 O'CLOCK NOON, MONDAY, APRIL 28, 2008.**

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of modifying the configuration and use of a previously authorized docking facility in addition to placing fill material in 0.53 acres of freshwater wetlands to construct a 400 unit dry stack marina storage facility, retail shop, and parking areas. In detail the modifications to the docking facility consists of adding a 320' X 16' access bridge along the northernmost property boundary with a 102' X 35' section being incorporated to allow for safe passage of forklifts transporting boats to and from the storage facility. At the terminus of the access bridge, a 16' X 16' fueling station will be constructed along the AIWW. A 298' X 8' walkway will be constructed to connect the proposed access bridge and previously authorized

**REGULATORY DIVISION**

Refer to: P/N #2006-1604-3IT-MOD

March 28, 2008

walkway. In addition, the applicant proposes to place fill material in 0.53 acres of wetlands to create a suitable base for parking lots, a dry stack storage facility, boat wash area, and associated roadways. The original docking facility was authorized as a private facility to accommodate the residents of a proposed, private multifamily residential development, which was not constructed. The applicant proposes to offer slips for sale to individual owners in addition to making slips available for use by the public. The purpose of the proposed project and modification is to construct a 400 slip dry stack marina facility for both public and private use.

**NOTE:** Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest by public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

**U.S. Army Corps of Engineers  
ATTN: REGULATORY DIVISION  
1949 Industrial Park Road, Room 140  
Conway, South Carolina 29526**

The District Engineer has concluded that the discharges associated with this project, both direct and indirect, should be reviewed by the South Carolina Department of Health and Environmental Control in accordance with provisions of Section 401 of the Clean Water Act. As such, this notice constitutes a request, on behalf of the applicant, for certification that this project will comply with applicable effluent limitations and water quality standards. The work shown on this application must also be certified as consistent with applicable provisions the Coastal Zone Management Program (15 CFR 930). The District Engineer will not process this application to a conclusion until such certifications are received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review.

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact 0.53 acres of estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

The District Engineer has consulted the most recently available information and has determined that the project will have no effect on any Federally endangered, threatened, or proposed species and will not result in the destruction or adverse modification of designated or proposed critical habitat. This public notice serves as a request to the U.S. Fish and Wildlife Service and the National Marine Fisheries Service for any additional information they may have on whether any listed or proposed endangered or threatened species or designated or proposed critical habitat may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended).

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

REGULATORY DIVISION

Refer to: P/N #2006-1604-3IT-MOD

March 28, 2008

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest and will include application of the guidelines promulgated by the Administrator, Environmental Protection Agency (EPA), under authority of Section 404(b) of the Clean Water Act and, as appropriate, the criteria established under authority of Section 102 of the Marine Protection, Research and Sanctuaries Act of 1972, as amended. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the project must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the project will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water quality, energy needs, safety, food and fiber production and, in general, the needs and welfare of the people. A permit will be granted unless the District Engineer determines that it would be contrary to the public interest. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this project. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the activity.

If there are any questions concerning this public notice, please contact Rob Huff 843-365-1726.

**Public Notice**  
***Clarification***

**Calibogue Cay Dredging Association, 2008-0636-1IW**

This public notice is provided for informational purposes. The described dredging activity is authorized under State Permit, OCRM-04-164-E and expires June 28, 2009.

Any comments on 2008-0636-1IW should be forwarded to the Army Corps of Engineers, Attn: Debbie King, 69A Hagood Ave, Charleston, SC 29403-5107

April 11, 2008

REGULATORY DIVISION

Refer to: P/N #2008-0636-1IW

11 APRIL 2008

Pursuant to Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403), Sections 401 and 404 of the Clean Water Act (33 U.S.C. 1344), and the South Carolina Coastal Zone Management Act (48-39-10 et seq.) an application has been submitted to the Department of the Army and the S.C. Department of Health and Environmental Control by

**CALIBOGUE CAY DREDGING ASSOCIATION**  
**c/o WILLIAM TRUE**  
**6 N. CALIBOGUE CAY ROAD**  
**HILTON HEAD ISLAND, SOUTH CAROLINA 29928**

for a permit to perform maintenance dredging in waters of

**CALIBOGUE CREEK**

at a location adjacent to N. Calibogue Cay Road in the Sea Pines Plantation, Hilton Head Island, South Carolina (Latitude 32.1500°, Longitude -80.7944°)

In order to give all interested parties an opportunity to express their views

**N O T I C E**

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

**12 O'CLOCK NOON, MONDAY, 12 MAY 2008**

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of performing maintenance dredging using hydraulic equipment to remove up to 27,600 cubic yards of material from an area measuring 13.77 acres within waters of Calibogue Creek and placing this material in an existing adjacent upland disposal site. The purpose of the project is to maintain sufficient depth within Calibogue Creek for navigation and access to Broad Creek. Please note this project has been previously permitted. The most recent Federal authorization was under P/N 95-1D-184 which was modified on December 13, 2004, and State authorization under OCRM-04-164-E. \*

11 APRIL 2008

**NOTE:** Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest by public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

**U.S. Army Corps of Engineers  
ATTN: REGULATORY DIVISION  
69A Hagood Avenue  
Charleston, South Carolina 29403-5107.**

The District Engineer has concluded that the discharges associated with this project, both direct and indirect, should be reviewed by the South Carolina Department of Health and Environmental Control in accordance with provisions of Section 401 of the Clean Water Act. As such, this notice constitutes a request, on behalf of the applicant, for certification that this project will comply with applicable effluent limitations and water quality standards. The work shown on this application must also be certified as consistent with applicable provisions the Coastal Zone Management Program (15 CFR 930). The District Engineer will not process this application to a conclusion until such certifications are received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review.

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact 13.77 acres of estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

Pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended), the District Engineer has consulted the most recently available information and has determined that the project is not likely to adversely affect any Federally endangered, threatened, or proposed species or result in the destruction or adverse modification of designated or proposed critical habitat. This public notice serves as a request for written concurrence from the U.S. Fish and Wildlife Service and/or the National Marine Fisheries Service on this determination.

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of

11 APRIL 2008

registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest and will include application of the guidelines promulgated by the Administrator, Environmental Protection Agency (EPA), under authority of Section 404(b) of the Clean Water Act and, as appropriate, the criteria established under authority of Section 102 of the Marine Protection, Research and Sanctuaries Act of 1972, as amended. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the project must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the project will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water quality, energy needs, safety, food and fiber production and, in general, the needs and welfare of the people. A permit will be granted unless the District Engineer determines that it would be contrary to the public interest. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this project. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the activity.

If there are any questions concerning this public notice, please contact Debbie King at 843-329-8044 or toll free at 1-866-329-8187.
